Commissioner for Patents

Applicant's response filed on September 2<sup>nd</sup>, 2008, is non-responsive to the Non-Final Action sent out on March 31<sup>st</sup>, 2008. Applicant's response includes an election of a different invention from that previously elected in the telephone call made to Applicant's representative on February 25<sup>th</sup>, 2008.

The general policy of the Office is not to permit the applicant to shift to claiming another invention after an election is once made and action given on the elected subject matter. Note that the applicant cannot, as a matter of right, file a request for continued examination (RCE) to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examined (i.e., applicant cannot switch inventions by way of an RCE as a matter of right). When claims are presented which the examiner holds are drawn to an invention other than the one elected, he or she should treat the claims as outlined in MPEP § 821.03.

The reply filed on Sept. 2<sup>nd</sup>, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the reply does not address the claim rejections presented in the Non-Final Action mailed March 31<sup>st</sup>, 2008. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
